Professional Summary

Motivated Data Analyst and Software Developer with hands-on experience in Excel, Power BI, SQL, Python, MySQL. Skilled in data analysis, dashboard creation, automation, reporting, and database management. Passionate about solving business problems through data-driven solutions and interactive analytics applications.

Technical Skills

- **Programming:** Python, SQL, VBA
- **Software:** MS Excel, Power BI, VS Code, GitHub
- **Data Analytics:** Power BI, Excel Dashboard, Data Visualization, KPI Reporting
- **Database:** MySQL, CRUD Operations, Joins, Stored Procedures
- **Libraries & Tools:** NumPy, Pandas, Matplotlib, Power Query

Projects

Europe Sales Data Analysis (Excel)

- Created interactive Excel dashboards and reports for car sales analysis and business insights.

Road Accident Data Analysis (Excel)

- Analyzed Road accident datasets using Excel and Power BI to identify accident trends and risk areas.

SQL Analytics Project

- Performed advanced SQL queries using joins, subqueries, and aggregations for business data analysis.

Student Management System

- Developed a Student Management System using Python and MySQL with add, update, delete, and search student functionalities.

Power BI Sales Dashboard

- Designed an interactive Power BI dashboard with KPIs, charts, slicers, and business reports including sales trends and top product analysis.

Sales Dashboard (Excel, Power BI)

- Built an interactive sales dashboard to analyze revenue, profit, and growth trends using KPI cards and charts.
- Performed region-wise and product-wise analysis to identify top-performing products and business opportunities.

HR Analytics Dashboard (Power BI)

- Built an HR analytics dashboard to analyze employee attrition, salary trends, and department performance.
- Created visual reports to identify workforce trends and support HR decision-making.

Finance Dashboard (Power BI, Excel)

- Built a finance dashboard to track expenses, budget vs actual performance, and profit margins.
- Analyzed financial trends and generated insights for better budget planning.

E-Commerce Dashboard (Power BI)

- Built an interactive dashboard to analyze customer behavior, repeat customers, and delivery trends.
- Generated insights to improve customer retention and operational efficiency.

Coaching Institute ERP Dashboard (Power BI, Excel)

- Built an ERP dashboard to analyze student admissions, fees collection, attendance, and faculty performance.
- Created reports to monitor course popularity and institutional performance.

Education

Qualification	Institution	Year
MCA	Indira Gandhi University	2025
B.Sc. (Computer Science)	Indira Gandhi University	2021
Senior Secondary (12th)	Govt. Girl Sr. Sec. School, Gurawara	2018
Secondary (10th)	Govt. Girl Sr. Sec. School, Gurawara	2016

Soft Skills

- Analytical Thinking
- Problem Solving
- Communication Skills
- Time Management
- Attention to Detail

Languages

English, Hindi

Hobbies

Gardening, Listening to Music, Painting, Cooking
